## BEACH HOUSE

Egypt is home to some of the oldest wine making productions in history. Archaeological finds, tomb drawings have stated that wine production took place as far as the third millennium B.C in Egypt. It has been found that in ancient Egypt wine was stored in amphorae - tall earthenware pots made of fired clay. Wine, at the time, was vital for its medicinal benefits since some herbs, spices, gums and resins were also added to the wine. Due to its hot weather, the grape varieties that could withstand its weather are those found in the drier wines of Europe and brought back to Egypt.

Although today Egypt has little wine production, we are proud to present to you our own unique winery in El Gouna with a variety of grape selection; Egyptian, French, Italian, Spanish. Our Egyptian wine brands are XO, Beausoleil, Jardin Du Nil. Our unique Egyptian grape, Bannati, the famous Beausoleil white wine bottle, adapted to local climatic conditions reflecting the unique Egyptian terroir at our Vineyards.
